

## **COLLEGE**

C-raming to get your homework done every Sunday.

O-nly time it is acceptable to nap at 8 o'clock at night if you need to study.

L-iving off of ramen isn't so bad.

L-iving with roommates either will motivate or destroy you.

E-ven though you are broke you find money to spend on coffee.

G-reatest time of your life.

E-njoy your time in college because it flies by.
